Old Town Hall renovation support letter:

- A draft of the letter of support for the CitySpace renovation of Old Town Hall
- General impressions of the draft by the majority of members were very positive
- Josh had comments about the length and possible lack of cohesion and said he had drawn up a suggested revision.
- The group expressed interest in the updated version and asked that it be shared in the virtual meeting.
- Josh shared his screen and the group proceeded to discuss.
- After much review, it was determined that the original version should be the one used.
- Gwynne then shared her version and the group offered revisions to the original.

Adjournment – 5:12 p.m.
